Description

Extended product overview

The ProLite TF3215MC-B1AG (31.5 inch) uses PCAP touch technology and is built into an eye-catching bezel with edge-to-edge anti-glare coated glass drastically reducing ambient reflections in high-brightness environments without compromising the sharpness and clarity of the image. The rugged bezel equipped with a foam seal finish supports seamless integration into kiosks and provides IP65 rating resulting in dust and water resistance from the front making it perfect for high use public facing applications. Landscape and portrait orientation ensures flexible mounting possibilities in almost any installation. The TF3215MC-B1AG is the ideal solution for kiosk integrators, industrial environments, control rooms and interactive multimedia.
