- Brown box environment friendly packaging
- Dimensions (L x W x H): 299 x 165 x 30mm

## Description

Extended product overview

Accuratus 3000 - USB Mini Scissor Key Keyboard with Silver Case The 3000 offers professional performance in a slim line chassis. Finished in bronze with black keys, the 3000 has the appeal and durability for those 'top end' applications. The 3000 uses high performance scissor key caps and advanced membrane technology, which provides it with great comfort, feedback & durability. Another benefit from this design is that the key tops are extremely shallow giving the 3000 its ultra thin profile.
