## Key Features

Important highlights of this product

- Multi device wireless Bluetooth 5.1 & 2.4Ghz (via USB) 'plug and play' connection
- 10 Metre wireless range
- Operates using two AAA batteries (not supplied)
- Nano size USB receiver when used over RF 2.4GHz so the dongle is barely visible when in use, can also be stored in the base of the mouse
- For Bluetooth operation, dongle is not supplied. It pairs to your Bluetooth enabled device.
- Asymmetrical design to suit left and right handed people
- Sleek and modern matt finish
- Black
- Manufactured partly from Eco-friendly wheat grass polymer
- Standard mouse size, designed to fit comfortably in your hand
- 3 buttons with scroll wheel and dpi adjustment button
- Dpi button on mouse to adjust resolution from 800dpi, 1200dpi and 1600dpi

## Description

Extended product overview

Accuratus Image ECO Step One - Part Wheat Mouse - Wireless Bluetooth 5.1 & RF 2.4Ghz Bioplastic Wheat Grass Polymer Mouse - Black Our new Accuratus ECO RANGE is made partly using wheat grass polymer which is a bio plastic... Wheat is a cereal harvested for flour however only the ear of the wheat is used in flour, the remaining product is straw which has very little nutritional value and used in animal bedding, thatching etc. The straw is often burnt after the wheat is harvested. The straw naturally stands upright as the stem contains lignin which is an organic polymer and provides the support structure for many plants. It is this lignin which is partly used to make our wheatgrass polymer keyboards, mice, speakers, earphones etc. The Wheatgrass Image mouse is the perfect Eco-Friendly edition to your workspace being made partly from Wheat Polymer and with a sleek, modern design. Offering a multidevice Bluetooth 5.1 & RF2.4Ghz wireless connection, the mouse can be paired to both an RF and a Bluetooth device then it is possible to easily switch between the two devices. The wheatgrass image mouse is perfect for both left or right handed people. It has a low profile one piece button assembly, giving the product an almost perfect balance. Available in Pewter Grey or Duck Egg Blue this mouse is sure to fit perfectly into your lifestyle, and can be purchased alongside the Wheatgrass Keyboard to match... Mouse Features and Specifications
