Description

Extended product overview

Accuratus KM65 - USB Stainless Steel Rugged Mini Size Keyboard - Hole Mount The Accuratus KM65 is a high-quality, stainless steel rugged mini keyboard designed for durability and reliability in demanding environments. With a hole-mount design for secure installation, this compact keyboard is built to withstand harsh conditions. It is IP65 rated, making it fully waterproof and dustproof, ensuring protection against liquids, dust, and debris. Its vandal-proof stainless steel construction guarantees long-lasting performance, even in high-traffic or public-use areas. The KM65 is ideal for industrial and manufacturing environments, medical applications, and cleanrooms, where hygiene and resilience are essential. Additionally, it is well-suited for self-service kiosks, marine use, boats, outdoor installations, public terminals, food processing facilities, and military applications, providing dependable functionality in even the toughest conditions. . Note. We normally manufacture this keyboard on request, please contact us with your requirements.
