- Compact mini keyboard with integrated trackball for easy navigation
- Diameter: 38mm for precise cursor control
- Smooth and accurate tracking for industrial and professional applications
- UK key layout as standard
- Other languages and custom layouts available
- Key Travel: >2.5mm for tactile and responsive typing experience
- USB interface for easy plug-and-play operation
- Other connection options available upon request
- Rugged, vandal-proof design for harsh environments
- Resistant to Water, dust, dirt, chemicals, and physical damage

## Description

Extended product overview

Accuratus KM65B - USB Stainless Steel Rugged Mini Keyboard with Trackball - Panel Mount with Studs The Accuratus KM65B is a high-quality, stainless steel rugged mini keyboard designed for durability and reliability in demanding environments. Featuring a built-in trackball for easy navigation, this panel-mount keyboard with studs is built to withstand harsh conditions. With an IP65 rating, the keyboard is fully waterproof and dustproof, ensuring protection against water jets and fine particles. When the trackball is in use, it maintains an IP54 rating, offering resistance to dust and splashes. Engineered for vandal-proof durability, the Accuratus KM65B is ideal for industrial, medical, and manufacturing applications, where hygiene and resilience are essential. Its rugged construction makes it perfect for use in kiosks, marine environments, boats, and outdoor installations, as well as public terminals, food processing plants, and military applications. Whether in a factory floor, cleanroom, or an outdoor setting, this keyboard is built to perform reliably in the toughest conditions. . Note. We normally manufacture this keyboard on request, please contact us with your requirements.

**Keyboard Features and Specifications**

**Keyboard Features:**

- High-quality stainless steel construction for durability and vandal resistance
- Mounting: • Panel mount with studs for secure installation
- Keyboard Type: • Compact mini keyboard with integrated trackball for easy navigation
- Trackball: • Diameter: 38mm for precise cursor control • Smooth and accurate tracking for industrial and professional applications
