Description

Extended product overview

Accuratus Monster 2 - USB High Contrast Vision Impairment SEN Keyboard with Extra Large Keys & 2 Port USB Hub For young children the Monster 2 Mix is the perfect entry into computing, with large oversized keys grouped in different colours making learning easy and fun. Then there's the High Visibility & High Contrast models designed for users with vision impairment. With high visibility large black legends against a bright yellow background, or large black legends on a high contrast white background. The perfect combinations for those with certain sight deficiencies. Maybe you just want a keyboard With big keys because they look cool, whatever the reason, these tough keyboards are precise and a joy to use. Designed to assist SEN users by using precise colour contrast ratios backed by RNIB research, the Monster keyboard is a brain-friendly alternative to regular, non-assistive keyboards. If you feel this suits your needs you can also talk to your IASS advisor. If you qualify for disabled person VAT relief on purchases please contact us.
