Description

Extended product overview

Accuratus Monster 2 - USB High Visibility Visual Impairment SEN Keyboard with Extra Large Keys & 2 Port USB Hub For users with vision impairment the Accuratus Monster 2 High Visibility is the perfect aid when using a computer. The keyboard has large oversized keys and high visibility large black legends against a bright yellow background, offering maximum visibility. Then there's the High Contrast model with large black legends on a high contrast white background, the perfect combinations for those with certain sight requirements. To match the keyboard choice our full size Accuratus Image mouse is available in either a high visibility yellow , or high contrast white , giving the perfect partnership. The Monster has many other excellent features including, UV protected key legends for excellent durability, a 2 port USB 2.0 Hub in the rear for easy connectivity and a detachable wrist-pad. Maybe you just want a keyboard With big keys because they look cool, whatever the reason, these tough keyboards are precise and a joy to use. Designed to assist SEN users by using precise colour contrast ratios backed by RNIB research, the Monster keyboard is a brain-friendly alternative to regular, non-assistive keyboards. If you feel this suits your needs you can also talk to your IASS advisor. If you qualify for disabled person VAT relief on purchases please contact us.
