## Description

Extended product overview

Accuratus Rainbow 2 High Contrast - USB High Contrast Visual Impairment SEN Keyboard with Extra Large Black Font & White Keys For users with vision impairment the Accuratus Rainbow 2 High Contrast is the perfect aid when using a computer. The keyboard has familiar standard sized keys and high visibility large black legends against a white background, offering maximum visibility. To match the keyboard choice our full size Accuratus Image mouse is available in either a high visibility yellow, or high contrast white, giving the perfect partnership. Designed to assist SEN users by using precise colour contrast ratios backed by RNIB research, the Rainbow keyboard is a brain-friendly alternative to regular, non-assistive keyboards. If you feel this suits your needs you can also talk to your IASS advisor. If you qualify for disabled person VAT relief on purchases please contact us.
