Extended product overview

The Acer S1386WH 3600 Lumen Projector Create large images that are clear and bright either from a distance or when positioned closer to the projection screen. This projector is ideal for use in education facilities or any smaller space. Their high resolution makes for clear and detailed big screen images, while color enhancement features deliver vivid hues. Experience true colours even in brighter conditions with a contrast ratio of 20:000:1 and with an amazing brightness of 3600 ansi lumens. With a special short distance lens, the Acer S1386WH projects an image with native HD resolution and a diagonal of more than 2 metres at a projection distance of just 90 cm
