Extended product overview

Acer Vero PD2325W Projector The Acer Vero PD2325W is an eco-friendly projector built for sustainability without sacrificing quality. Perfect for businesses and educational settings, this projector offers bright, clear visuals with a focus on environmental responsibility. Why Choose the Acer Vero PD2325W? Eco-Friendly Design: Made from 50% post-consumer recycled plastic, with packaging crafted from 85% recycled materials. Exceptional Brightness: 2,200 ANSI lumens for vivid images in various lighting conditions. Long-Lasting LED: A durable, mercury-free LED light source with up to 30,000 hours of life, reducing both maintenance and waste. High Resolution & Contrast: WXGA resolution and a 2,000,000:1 contrast ratio for detailed and dynamic visuals. Perfect for Various Environments The Acer Vero PD2325W's high brightness and eco-conscious design make it an excellent choice for: Conference rooms and offices Classrooms and educational facilities Small home theaters or gaming setups Key Features Automatic Vertical Keystone Correction: Ensures straight and distortion-free images, even in tight or uneven spaces. Compact & Lightweight: Weighs only 2.6 kg, making it easy to transport and install. Energy-Efficient Operation: Low stand-by power consumption at 0.5W, helping reduce energy costs.
