Description

Extended product overview

The BenQ GP520 is a versatile 4K home entertainment projector designed to adapt seamlessly to various environments, ensuring optimal viewing experiences regardless of ambient lighting or wall color. Adaptive Image Quality Equipped with three integrated sensors, the GP520 detects environmental factors in real-time and, in conjunction with BenQ's CinematicColor tuning technology, automatically adjusts to deliver perfect visuals without manual intervention. Its advanced algorithm is optimized for six popular wall colors, ensuring stunning visuals that match your wall, eliminating the need for a dedicated screen. Brightness and Lighting Adaptation With 2600 ANSI Lumens brightness and an ambient light sensor, the GP520 adjusts brightness levels to maintain brilliant clarity in any lighting condition. The projector supports multi-angle installation, including front, side, inverted, upward, and ceiling-mounted projections. It features three tripod holes for versatile setup options, accommodating various room layouts. Smart Entertainment Integration Integrated with Google TV, the GP520 offers personalized recommendations and easy access to streaming services like Netflix, Prime Video, YouTube, and Disney+. Voice control is facilitated through Google Assistant, enhancing user convenience. Enhanced Gaming Experience Compatible with gaming consoles such as PlayStation 5, Xbox Series X, Nintendo Switch, and SteamDeck, the GP520 utilizes HDMI 2.1 with Auto Low Latency Mode (ALLM) to optimize video transmission delay, ensuring smooth gameplay. Audio Excellence The projector boasts dual 12W speakers for immersive sound. It also supports Bluetooth 5.2 for connecting external speakers or headphones and offers 7.1-channel Dolby Atmos with 360° surround sound via HDMI 2.1. Comprehensive Connectivity The GP520 features dual HDMI 2.1 ports, USB-C, and USB-A interfaces, ensuring compatibility with a wide range of devices, including smartphones, game consoles, laptops, Blu-ray players, and sound systems. Projection Versatility Capable of projecting screen sizes ranging from 50 to 180 inches, the GP520 accommodates both small and large rooms, delivering a seamless big-screen experience. The BenQ GP520 combines advanced adaptive technologies with user-friendly features, making it a comprehensive solution for home entertainment needs.
