Description

Extended product overview

Superb Image Quality Vivid Clarity in Bright Medium-Sized Rooms 4,000 lumens of high brightness enable comfortable lights-on presentations to promote discussion, collaboration and note-taking in larger meeting rooms with bright lights accommodating up to 40 participants. The high luminance lets even participants seated furthest clearly see the slides and boosts picture quality with vibrant colour for pictures and videos as well as crisp text and fine details. BenQ Projector MH733 Conventional Projector High Contrast for Clear Text With industry-leading contrast and pixel fill factor, BenQ projectors produce the truest blacks and unmatched readability with every character, graph and chart crisply defined. The high fill factor increases clarity for black and white or colour images and reduces eye strain for presenters and audiences to stay focused on the content. Crisp Full HD 1080p for Expanded Viewing Full HD 1080p resolution offers enhanced productivity for professional presentations. The two-megapixel high resolution delivers ultra-sharp readability, enhanced picture detail and additional presentation real estate for expanded content. USB Reader for PC-Less Presentations Supporting a wide range of files including JPEG, PDF, Microsoft Word, Excel and PowerPoint files, MH733's USB Type-A port lets presenters easily project images or documents directly without the need for a laptop. Network Presentation through QCast App The MH733 can be paired up with the QCast App to present from PC or smart devices. QCast App helps users to directly project a wide range of files including photos, PowerPoint, Word, Excel and PDF files from your PCs or smart devices onto the big screen. The QCast App also comes with other beneficial functions to enhance your efficiency and convenience in meetings. *For M73 series projectors, QCast software needs to be paired up with the wireless dongle WDRT8192, an optional accessory. Scan to download Qcast App for iOS or Android Accessories (Standard) x1 Remote control w/ battery x1 UK power cable x1 User manual CD x1 Quick start guide x1 Warranty card x1 VGA (D-sub 15 pin) 1.5m cable x1 Lens cover
