Description

Extended product overview

BenQ MX560 Portable DLP Projector with 4000 ANSI Lumens and 3D Support The BenQ MX560 is a powerful and reliable portable DLP projector designed for clear presentations, classrooms, and meeting environments. With an impressive 4000 ANSI lumens brightness and a 20,000:1 contrast ratio, it delivers bright, sharp images even in well-lit rooms. Its native XGA (1024 × 768) resolution ensures clear detail for presentations, spreadsheets, and videos, while also supporting resolutions up to 1920 × 1200. This projector supports 3D content (3D glasses sold separately), making it suitable for immersive educational or multimedia experiences. The device can project images from 152 cm up to 381 cm, offering flexibility for both small and large spaces. With 1.07 billion colour support, the MX560 produces vibrant and accurate visuals. Equipped with SmartEco technology, the projector optimises lamp usage to extend lifespan and improve energy efficiency. The lamp can last up to 6,000 hours in normal mode and up to 15,000 hours in lamp save mode, reducing maintenance and running costs. The MX560 features a 1.1x zoom lens and vertical keystone correction of $\pm 40^\circ$, allowing easy image alignment during setup. Connectivity options are extensive, including two HDMI ports, VGA input and output, composite video, S-Video, USB, RS-232, and audio input/output, ensuring compatibility with a wide range of devices. A built-in 10W speaker provides convenient audio without requiring external speakers, making it ideal for quick presentations or small meeting rooms. The projector also includes useful accessories such as a remote control and AAA batteries, along with a VGA cable for easy setup. Compact and lightweight at 2.3 kg, the BenQ MX560 is easy to transport and install. It operates quietly at 34 dB (29 dB in economic mode) and supports operating temperatures from 0°C to 40°C, ensuring dependable performance in different environments. **Key Features:** 4000 ANSI lumens brightness for bright environments 20,000:1 contrast ratio for clear image detail Native XGA resolution (1024 × 768), supports up to 1920 × 1200 Large projection size from 152 cm to 381 cm 3D capable (glasses sold separately) SmartEco technology for energy efficiency and longer lamp life Lamp life up to 15,000 hours in Lamp Save mode Vertical keystone correction $\pm 40^\circ$ 1.1x optical zoom Built-in 10W speaker Multiple connectivity options including HDMI, VGA, USB, and RS-232 Compact portable design (2.3 kg)
