Description

Extended product overview

Flat screens are totally outplayed by gigantic projected images in Full HD 1080p. Plug in your projector to throw life-sized hadouken in Street Fighter and score elite multi-kills in panoramic battle maps. TH585P is overpowered with low input lag for real-time gaming thrills. Stunning graphics in Game Mode and 3500 lumens of ultra-brightness deliver intense action even in daylight. Invite your friends over and get in a huge game like you've never seen before. Low Input Lag Slow input lag can turn a close game of NBA Live into a fulfilling experience. TH585P's 16ms response time maximizes smooth gameplay, letting you interact in virtual real-time, perfect for fast-paced sports, reaction-critical shooters, and timing-dependent battle arenas. TH585P Exclusive Game Mode TH585P's Game Mode fine-tunes all images, enhancing dark and shadowy scenes with greater clarity and visual precision, helping you level up by spotting campers and finding every hidden secret in RPGs Elevate Your Gaming Today's games bring vivid and illustrative experiences with production levels that rival Hollywood blockbusters. With unbeatable high-quality images and a huge screen, TH585P is your best companion in gaming. Whether you're the hero in RPGs, the racer in sports games, or a teammate in co-op games, TH585P is always on your side. Incredible Picture Quality in Bright Rooms Invite your friends over to watch shows, movies, sports events, or play party games. TH585P's 3500 lumens of high brightness, Full HD 1080p image quality, vivid 95% Rec.709 color, and clear built-in 10-watt speaker come through for you every time. Its LampSave Mode extends lamp life up to 15,000 hours, so have no worries as the party goes on. TH585P-2 Turn Any Space into your Private Arena Don't just play games in your room, take the show on the road! TH585P sets up in seconds to turn any space into your own private e-sports arena. 1.1X Zoom for Flexible Throw Distances TH585P maximizes available space with a range of throw distances for big-screen entertainment in tight quarters. Digital Lens Shift for Variable Projection Heights TH585P's digital vertical lens shift has adjustable projection heights to fit perfectly into any room. Auto Vertical Keystone for Perfect Alignment Auto vertical keystone adjusts the image for a professionally squared image, making it simple to project ideally aligned images from a variety of locations.
