Extended product overview

Experience True-to-Life Colours: 98% Rec. 709 colour coverage, powered by BenQ CinematicColor and HDR-PRO technologies. Place and Play: Flexible multi-angle setup and Smart Image Adaptation ensure perfectly aligned big-screen experiences anywhere. All-in-One Entertainment: Enjoy Netflix with built-in Google TV. Game smoothly with ultra-low input lag (5 ms at 4K/60Hz) and ALLM. Movies, Games, Sports. Your Party Starts Here! Press play and light up the party in 4K with 3,000 lumens of vibrant colour - even with the lights on. Perfect for every epic scene and unforgettable moment. Cinematic Brilliance with 3000 ANSI Lumens Powered by BenQ CinematicColor and HDR-PRO technologies, the TK705i delivers stunning 4K visuals with vivid contrast, rich tones, and cinematic depth - bringing every movie and game to life in truly immersive detail, even in well-lit rooms. As Directors Intended Calibrated for fidelity, the TK705i reproduces colours with exceptional accuracy and brings scenes to life just as filmmakers envisioned - rich, natural, and true to the original intent. Experience Cinematic Precision Advanced tone mapping and contrast enhancement elevates 4K HDR viewing, revealing details in both bright and dark scenes for truly cinematic experiences. Place and Play: Smart Image Adaptation The TK705i's 8-Way Smart Image Adaptation instantly sharpens, centres, and aligns your screen without manual setup. Optical Moto / Digital Zoom Easily adjust image size - optical zoom preserves lossless 4K clarity, while digital zoom lets you fine-tune the image size without moving the projector. Auto 2D Keystone Auto-corrects vertical and horizontal keystone to ensure perfectly aligned image - no manual adjustments needed. Auto Cinema Mode Instantly adapts image tone and brightness based on wall colour and ambient light, ensuring visuals always stay natural and optimised in any room setup. Popcorn. Friends. Let the Movie Night Begin! Fuss-free auto setup and built-in Google TV make it easy to start the party. Stream Netflix, YouTube, Prime Video, and more. Popcorn's ready, friends are here - press play and enjoy. Lag-Free Gaming Whether you're battling friends or exploring new worlds, the TK705i delivers sharp moves and instant responses. Enjoy smooth, immersive gameplay on PS5, PS4, Xbox Series X, Nintendo Switch, and Steam Deck. Everything You Need to Win Powered by HDMI 2.1 and ALLM (Auto Low Latency Mode), the TK705i automatically detects gameplay signals to reduce video delay, so you're always ready with low input lag and ultra-responsive visuals. Ultra-Fast Low Input Lag: 5 ms (4K/60Hz): Experience ultra-responsive gameplay with 5 ms input lag at 4K/60Hz, turning your sight, hearing, and reflexes into instant action. HDR Game Modes: Unlock optimised visuals with HDR-RPG and HDR-FPS modes, fine-tuned for richer contrast, depth, and cinematic detail. Power Up as You Play TK705i is the only projector in its class

with USB-C (up to 30W) charging, so you can power your device while you play. No breaks, no dead batteries. Set It Your Way With multiple tripod holes and universal screw compatibility, the TK705i adapts effortlessly to your space. Whether placed on a shelf, ceiling-mounted, or flipped upside down, it delivers a seamless big-screen experience, just
