DescriptionExtended product overview

The Factory Chair 2 Lever with Draughtsman Kit is a versatile chair designed for use in assembly lines, science labs, factories, and workshops. Its hard-wearing, wipe-clean polyurethane seat and back make it ideal for use in environments where spills and stains are common. The supportive backrest on the draughtsman chair provides added comfort and support for those who spend long hours seated. The fixed chair mechanism ensures stability and safety, making it a reliable choice for any workplace. With its durable construction and versatile design, the Factory Chair 2 Lever with Draughtsman Kit is the perfect choice for any industrial setting.
