Description

Extended product overview

The Glacier Table Module is the perfect addition to any reception area. It is designed to be used with the fully upholstered modular reception chair, which provides a comfortable and stylish seating option for your guests. The deep foam seat and back ensure that your guests will be comfortable for extended periods of time. The black plastic feet provide stability and prevent damage to your floors. The Glacier Table Module is a versatile piece of furniture that can be used as a coffee table, end table, or even a place to display literature. It is easy to assemble and can be customised to fit your specific needs. With its sleek design and durable construction, the Glacier Table Module is sure to impress your guests and enhance the overall look of your reception area.
