Key Features

Important highlights of this product

- Adjustable draughting kit - a moving foot ring and set of glides
- To be used on fixed back chairs
- Supplied with all fixings needed
- Sturdy and comfortable for use on higher chairs, for example on lab chairs
- Black plastic base, with a chrome footrest ring

DescriptionExtended product overview

A hi-rise gas lift and adjustable foot ring accessory to enable adaptation of chairs to be used in factory and laboratory environments. Base fitted with glides to maintain stability - we advise never to use a draughting kit with a chair that tilts, or has castors fitted.
