Description

Extended product overview

Sound by JBL, DTS Virtual:X Dive completely into powerful, room-filling sound With a built-in JBL speaker and DTS Virtual:X, the premium audio engages viewers in sound as dynamic as the on-screen action. Plus, a dedicated subwoofer enhances the overall audio balance by delivering powerful bass, adding to the realism and immersion of the viewing experience. Optical Zoom Zoom in! Zoom out! Super Optical Zoom enhances performance like never before. Precise focal shift with 1.67x flexible zoom and a super-wide throw ratio (0.9~1.5:1) delivers a larger screen from a shorter distance. This ensures every frame retains its brightness and clarity, always 4K lossless with no distortion. Pure Triple Colour Laser Enjoy vivid, lifelike colours Experience extremely precise and accurate colours with the innovative design of the MCL38 Laser. With 28 laser chips, each powerful enough to match up to 4 LEDs, the result is superior depth and subtlety. 3000 Lumens Brightness Never lose the detail View your content with 3000 lumens of brightness, showcasing deep shadows and bright highlights. Experience vibrant, detailed images for a compelling viewing experience. Gimbal Design Project beyond boundaries: Walls, Ground, and Ceiling Calibrate your projector to your ideal viewing angle with a gimbal that can swing the machine 360° horizontally and 135° vertically. It's a breeze to project movies onto both a screen and the ceiling. Designed for Xbox The ultimate projector Designed for Xbox As the ultimate projector Designed for Xbox, the C2 Ultra is engineered to elevate your gaming experience. It automatically prioritizes game signals when connected to devices, drastically reducing latency for a more responsive and immersive experience. Game Mode Every action is "wow"-level clear Play hyper-fast, intensive games without dealing with blurry images or system stutters. Go on, this is your chance to go head-to-head with no lag.
