## Description

Extended product overview

Get the competitive edge you need to unleash your full gaming potential with the 27" WQHD (2560x1440) GB2770QSU offering a stunning 0.5ms MPRT and 165Hz refresh rate. Armed with FreeSync Premium Pro you can make split second decisions and forget about ghosting effects or smearing issues. The ability to adjust brightness and the dark shades with the Black Tuner delivers greater viewing performance in shadowed areas and the IPS panel technology guarantees superb image quality. Thanks to the height adjustable stand you can easily adjust the screen position to your preferences to ensure comfort during marathon gaming sessions. FAST IPS The Fast IPS panel technology guarantees not only high-fidelity, vivid battleground scenes displayed with outstanding colour accuracy but provides also an outstanding 0.5ms Moving Picture Response Time (MPRT). FREESYNC™ PREMIUM PRO TECHNOLOGY This monitor supports HDR content with meticulous colour and luminance. Low input latency and low framerate compensation put an end to any tearing or stuttering issues at virtually any framerate. BLACK TUNER The users can adjust the brightness and the dark shades with the Black Tuner, giving greater viewing performance in shadowed areas and helping to spot the enemy earlier. PREDEFINED AND CUSTOM GAMING MODES Have it your way! Choose one of the predefined gaming modes (including FPS and strategy) or set and memorize your own settings. SPEAKERS AND HEADPHONES Playing with friends? Use the integrated high-quality speakers. Don't want to disturb anybody? Plug your headset in the headphone connector and enjoy!
