## Description

Extended product overview

32" Full HD professional large format display with USB media playback Set in a slim bezel, the iiyama LE3241S is a professional digital signage display offering 18/7 operating time and landscape orientation. This Full HD and fanless IPS display guarantees great viewing from all angles, high brightness and exceptional colour clarity. With the built-in media player you can play your favourite music and show your most beautiful videos, photos and images directly on screen. MEDIA PLAYER Play your favourite music and show your most beautiful videos, photos and images directly on screen from a flash drive or internal memory with the built-in media player. LAN CONTROL LAN control enables making adjustments in the display OSD menu through your network (software not included). IPS IPS displays are best known for wide viewing angles and natural, highly accurate colours. They are especially suited for colour-critical applications. FULL HD With true 1920 x 1080p resolution your monitor is ready to display high definition images. This means you can accommodate more information on your screen; e.g. 60% more in comparison to a 1280 x 1024 monitor.
