Description

Extended product overview

32" Full HD Professional Digital Signage 24/7 display featuring Android OS and FailOver Choose non-stop high performance and reliability with the ideal all-in-one signage solution for mission critical environments. The LH3254HS from iiyama is a 500cd/m² high brightness professional large format display and can be operated in landscape or portrait orientation in continual around the clock environments 24/7 without any interruption. Its versatility can be adapted to your industry's display needs. On-board Android OS means you can customize the display to your needs and install applications directly to it. The on-board CMS (Content Management Software) gives you total control of your messaging and advertising remotely and safely. The Signal FailOver feature ensures your content is always actively displayed through your choice of inputs. WiFi enabled, this series is ready for remote content delivery using your network or you can choose to utilise LAN control.
