## Description

Extended product overview

24" multi-touch monitor with edge-to-edge glass, anti fingerprint coating and integrated webcam The ProLite T2455MSC with its Full HD (1920x1080) resolution and accurate PCAP 10 point touch technology, delivers a seamless and accurate touch response. Featuring IPS LCD screen technology, it offers exceptional colour performance and wide viewing angles. A special Nano coating ensures a smoother touch and less resistance in the swipe. It makes the screen less static and susceptible to dirt, dust and fingerprints. The built-in webcam and microphone make the T2455MSC also a complete solution for online communication. Its flexible stand can be positioned at several angles creating a comfortable and ergonomic user experience. A perfect choice for a vast array of applications.
