## Description

Extended product overview

The jaw dropping 105" ultra-wide Interactive display with 21:9 panoramic view offers all organisations a versatile and impactful visual solution. Experience a true 21:9 Panoramic Ultra-Wide view for all your content and applications with the iiyama TE10518UWI-B1AG . The thin bezel display shows vibrant and larger than life imagery and videos using 5K resolution to make the difference. High end meeting room integration will achieve the much- promoted Microsoft Teams Front Row optimum experience in 21:9 format-delivering life like eye-level Gallery View, when sharing content with clear side bar visibility of Chat and Raised Hand notification. Control Room configuration also allows large scale viewing for Security and large dashboard applications alike. Thanks to our hybrid solution deck of Android OS and OPS Slot PC features, no matter the Interactive aspiration, iiyama has the collaborative tools for you to enable intuitive interaction.
