Description

Extended product overview

The TE7514MIS-B2AG is a visionary 4K UHD Google EDLA Certified interactive display that sets a new standard for ingenuity and performance. Crafted with precision, it features a Zero Airgap LCD screen that eradicates parallax, alongside the accurate PureTouch-IR+ with Palm Rejection, ensuring seamless interaction. Powered by iiWare 12E with Android 13 and equipped with WiFi connectivity, it effortlessly integrates into your ecosystem, supported by the iiyama (DMS) Device management platform. Experience unparalleled wireless sharing capabilities with the intuitive iiyama Share and EShare app, facilitating seamless brainstorming and effective collaboration within your enterprise or educational institution. With its innovative 4K Interface and customizable User Profiles , the TE7514MIS-B2AG offers a personalized experience, granting easy access to bespoke applications and Cloud Drives. Adapted to thrive in bustling hybrid environments, it becomes a tailored solution for diverse user needs, revolutionizing collaboration, communication, and engagement. Transforming modern workplaces, educational realms, and dynamic meeting spaces, this display emerges as an essential cornerstone, nurturing progress and connectivity beyond boundaries.
