## Description

Extended product overview

The ProLite TF1615MC-B1 (15.6 inch) uses PCAP touch technology and is built into an eye-catching bezel with edge-to-edge glass. Thanks to a glass overlay covering the screen and a rugged bezel, it guarantees high durability and scratch-resistance, making it perfect for kiosk and high use public facing applications. Equipped with a foam seal finish it supports seamless integration into kiosks and provides IP65 rating resulting in dust and water resistance from the front. Landscape, portrait and face-up orientation ensures flexible mounting possibilities in almost any installation. For ease of integration, the ProLite TF1615MC-B1 can be equipped with optional external mounting brackets ( OMK5-1 ) making it an ideal solution for kiosk integrators, industrial environments, control rooms and interactive multimedia.
