Extended product overview

24" IPS technology panel with USB hub and 100Hz refresh rate Stylish edge-to-edge design makes the ProLite XU2493HSU perfect for multi-monitor set-ups. The IPS panel technology offers accurate and consistent colour reproduction with wide viewing angles. The 100Hz refresh rate together with FreeSync function provides very tangible improvement in image smoothness. High contrast and brightness values mean the monitor will provide excellent performance for photographic and web design. Equipped with speakers, 2 port USB hub, headphone socket, HDMI and DisplayPort connections, plus a blue light reducer function to reduce eye fatigue for optimal user comfort, make this 24 monitor a great choice for both multi-monitor configuration and office applications. IPS Technology IPS displays are best known for wide viewing angles and natural, highly accurate colours. They are especially suited for colour-critical applications.
