Description

Extended product overview

Stylish ultra-flat front design and full HD resolution make the ProLite XUB2792HSU a perfect addition to the desk of any graphic designer. The IPS panel technology offers accurate and consistent colours reproduction with wide viewing angles (178°/178°) and fast response time. High contrast and brightness values guarantee the monitor will provide excellent performance for photography and web design, and the height adjustable stand ensures you can easily adjust the screen position to your preferences. Very suitable for multi-monitor Digital Signage and office applications.
