Key Features

Important highlights of this product

- Lumbar pump can be used to adjust the firmness of lumbar support
- Asynchro mechanism: Backrest and seat angle can be independently adjusted to fit your needs. It is possible to fix the desired recline position or allow to free-float.
- Height and width adjustable arms with soft touch detail
- Height adjustable backrest via the ratchet mechanism. Simply lift the backrest to activate.
- Seat slide can be used to adjust the depth of the seat and provide support to the back of the legs.
- Tested to BS 5459 (2000) Part 2 certification

Description

Extended product overview

The Posture Vista High Back Chair is a physio approved office chair that offers supreme comfort and support for users. With 2D adjustable arms and an upholstered ratchet back that moulds around the shape of the user's back, this chair is perfect for those who spend long hours sitting at a desk. The inflatable lumbar support allows users to adjust the level of support throughout their lower back, while the Asynchro heavy duty mechanism allows for independent adjustment of the seat and back. The seat slide and torsion knob provide additional customization options for users. Say goodbye to back pain and discomfort with the Posture Vista High Back Chair.
