Description

Extended product overview

The i 1/2 Bearing chair is crafted for unparalleled ergonomic support. Featuring a ratchet backrest height adjustment and a lumbar support control pump, it offers tailored comfort for your lower back. The chair features independent back angle adjustment and adjustable body weight tension so you can customise the support for your posture. The fully upholstered tri-curved posture backrest and ergo-density foam seat provide exceptional support. Its synchronised adjustment with anti-shock release, along with seat angle and height adjustments, make the Bearing the ideal chair for long hours at the desk, whether in the office or at home.
