### Description

Extended product overview

The X2000L-4K is ViewSonic's first ultra-short throw smart laser projector. Combining true 4K UHD resolution, HDR/HLG support, 100% Rec.709 cinematic colours, and custom-built Harman Kardon speakers with Dolby/DTS soundtrack support, the X2000L-4K delivers an audiovisual feast right out of the box. Key Features: True 4K HDR immersive visual experience 0.22 ultra short throw ratio capable of 100" screen from 23cm away 2nd generation Laser Phosphor technology with 20,000 hours lifespan Theater-level audio by Harman Kardon with Dolby/DTS support Smart connectivity via Wi-Fi and Bluetooth Capable of projecting a 100" image from just 23cm away, the 0.22 ultra short throw ratio offers an immersive experience along with 4 corner and warping adjustment capabilities to turn virtually any surface into a cinema, live concert, or a wonderland beyond your imagination. Built with 2nd generation laser phosphor technology, the X2000L-4K is geared for instant entertainment and ready to accompany you for 20,000 hours of quality visuals. Smart capabilities such as built-in Wi-Fi for wireless content sharing from your mobile devices and Bluetooth for flexible audio options make content streaming easier than it has ever been before. 2 Colors of Design to Fit Your Home Style The ultra short throw smart laser projector comes in 2 colour options which are black, and white. Consumers can choose the preferred one based on their interior design, letting the projector harmoniously blend into the space. Ultimate Viewing Experience with 4K HDR Enjoy the clear detail of true Ultra HD and dynamic-looking visuals with HDR and 3D support. With 8.3 million pixels projection on your screen, all 4K movies, games, sports, and streaming content come to life sharply and vibrantly. Simple Elegance for Your Home Aesthetic Maintain the aesthetic and spaciousness of your home with a 0.22 ultra short throw ratio. Get a 100" screen with only 23 cm distance from the wall to ensure the projector's presence maintains harmony with your tasteful interior, freeing the wall space when not in use. Get Perfectly-Shaped Images Effortlessly Make the setup of this ultra short throw projector a breeze with 4 corner adjustment and 60 points correction. 4 corner adjustment delivers perfect-shaped images from above, below, side, or any other angle. Even a spherical surface can be projected with 60 points correction, lifting the limits of your space. Theater-Level Harman Kardon Speakers The theater-level 50W speakers customized by Harman Kardon deliver contagious and sensational audio for an all-around immersive experience with dual sets of 10W tweeter and 15W woofer drivers. Bring the Audio Alive with Dolby & DTS Support With DTS and Dolby Digital support, the projector is able to reproduce high-quality surround sound, delivering a rich, clear, and powerful audio performance of all kinds of content including broadcast, stream, download, or even disc. Bring the original sound back to life and indulge in an immersive cinemalike experience through your audio system at home. \*Recommend to use at least 5.1 channel to deliver the all-around sound.
