Description

Extended product overview

Expand Your Creativity Featuring sequential read speeds up to 560MB/s, this SSD will keep up with your creativity, allowing you to be more productive. Treat Your PC to a Makeover Eliminate the need to buy a new PC with this perfect powerful PC upgrade, offering high endurance, low vibration and low power draw. Defend Your Content With Acronis True Image™ software, you can clone your computer's hard drive to your SA510 drive, giving you peace of mind of knowing that your hard work is backed up. With this AI-based security, your data is defended against many forms of attack. DropBox Makes File Sharing Easy Easily store your files and collaborate with friends with Dropbox. This easy-to-access platform enables you to share your photos, videos, documents, presentations and more. And when you purchase a WD Blue SA510, you will get a free three month trial of DropBox Professional! Puts You in Control With Western Digital's SSD Dashboard, you can monitor the health of your drive, temperature, space, firmware version and more - so you can focus more on your projects. Plug It In and Enjoy For increased compatibility, the WD Blue SA510 SATA SSD comes in 2.5" and M.2 form factors, fitting into many PC slots including those of many older machines.
