Description

Extended product overview

Superior Call Quality With a noise-cancelling microphone that reduces background noise and professional-grade 35mm speakers with enhanced volume, the YHS36 E2 delivers reliable audio quality—so every call comes through clearly. Improved Customer Experience With its modern design and a 300° adjustable boom, the YHS36 E2 allows flexible dual-side wear, offering ultimate versatility. Plus, a durable, tangle-free cable—built to last through daily use.
